

include/cbindings/component.h

```
graph TD; A[include/cbindings/component.h] --> B[stdint.h]; A --> C[stddef.h]
```

The diagram illustrates the preprocessor directives within the file `include/cbindings/component.h`. Two blue arrows originate from the bottom of the top box and point to the boxes below, indicating that `include/cbindings/component.h` includes `stdint.h` and `stddef.h`.
